

CSP Pacific's focus is on the supply of safety products and solutions for the roading industry. Our products include crash barriers and terminals, traffic control message boards and RRPMS, street lighting, flood lighting and communication poles and large engineered drainage and road separation structures.

## Driven Ground Anchor

### Features

#### System suitable for:

- Fencing
- Traffic signs
- Pipeline marker post applications
- Simple two minute installation
- Anchors post without the expense and mess of the "dig and concrete" method
- Doesn't compromise the strength of the post and its ground grip
- Cost effective

### Specifications

- For use with 60mm - 76mm posts
- Hot dip galvanised steel to AS1560 for long life
- Secure-locking ring connects post to anchor making it more resistant to vandalism
- Re-usable-can be removed and relocated with correct tooling
